Tips for the Health-Wise!!
In the Event the Student Health Center is Closed…
If you have a life threatening emergency, please call 911 or (909)748-8888 for Public Safety.
What should you do if you are feeling under the weather and it is the week-
end, holiday or night time and the Student Health Center is closed? First, if you have questions about whether or not you require immediate medical evaluation, talk to your community life staff. If needed, they can contact the Student Health Center provider on call for further guidance. If you do require immediate medical attention, determine where you can go and ob-
tain medical care and have the fee covered by your medical insurance. If you have an HMO, call the 800 num-er on the back of your insurance card to be directed to the nearest covered provider. If you have a PPO or “stu-
dent insurance”, you can obtain as-
sistance at an Urgent Care or ER. If you are Kaiser member, please go to the nearest Kaiser Urgent Care or Emergency Room. If you are unsure what type of insurance you have, call the 800 number listed on the back of your insurance card and a represen-
tative should be able to tell you where you can go for medical care in the Redlands area.

Safety Tip
Register your bicycle at Public Safety. If it’s stolen and we have the make, model and serial number in our data base, the chances of recover-
ing your bicycle are much higher.
